

Comverge Networks is granted a Telecommunications Carrier Licence.

As one of Australia's leading telecommunications network builders and systems integrators, Comverge Networks has moved toward becoming a full telecommunications services provider with it securing a Telecommunications Carrier Licence.

Comverge Networks Managing Director, Mr. Peter Saglietti said of the move; *"We've always taken great pride in being able to offer our clients leading-edge solutions. In the digital age with continuous convergence of telecommunications, media and entertainment, this is our commitment to ensure that our clients continue to have access to a comprehensive portfolio of technologies and services."*

Comverge Networks - Background

Comverge Networks is a registered trademark and business owned and operated by Telecommunications Integration Services Pty Ltd. Since its founding in 1992, Comverge Networks (formerly known as PBNConnect) has built a reputation as an industry leader in fibre-optic network design, construction, installation and systems integration.

Comverge Networks' success is built on a foundation of innovation, experience and a reputation for creating intelligent networks to meet the ongoing telecommunications requirements of many industries.

Specialising in the delivery of full range of triple play products, (MATV, SATV, CATV, FTA, CCTV, VOD, VOIP, DATA, Medical, Security & Access Control Systems) over a FTTx PON based network, Comverge Networks is at the forefront of FTTx technology delivering solutions for Greenfield Developments, Resort-Style Gated Communities, Retirement and Independent Living Communities, Retail and Commercial Developments.
